The National Centre will support you to develop and grow and give you the fire, tools and fuel for a lifetime of discovery and achievement as a creative artist. London remains the UK's centre for so much creative and artistic endeavour, and from our base in Hoxton you can be well and truly immersed in all that the capital's abundant cultural scene has to offer. There is so much to see and do right on your doorstep.

ABOUT THE NATIONAL CENTRE

The National Centre for Circus Arts is a registered charity and one of Europe's leading providers of circus education. Based in a magnificent Victorian power station adjacent to Hoxton Square, we involve thousands of people in the creation and performance of circus arts every year.

Our diverse range of work includes professional development opportunities for aspiring and established performers, recreational classes for adults, and progressive training for under-18s in the London Youth Circus. Our higher education programme comprises a Foundation Degree and BA (Hons) Degree in Circus Arts. We enrol around 30 new students each year and our graduates have gone on to join companies such as Giffords, Cirque du Soleil, Ockham's Razor, Cirque Eloize, Seven Fingers, Circa and GOM, or set up their own circus production companies such as Barely Methodical Troupe, Brainfools and Revel Puck.

Here at the National Centre, we celebrate over 30 years of fostering the development of circus professionals across the UK.

“

This degree has allowed me to look deeper into what circus meant to me, it also allowed me to understand the historical concept and the roots of where some things come from. The degree also equips me with self-care and understanding of my own body which helps to prolong my career in this industry.

PROFESSIONAL DEVELOPMENT

When our students graduate from National Centre for Circus Arts, we actively continue to engage with them as artists and support their work.

Our Open Training for professional circus artists, allows students, graduates and circus artists to access independent training in our building. Through access to our space, graduates are able to continue to train and grow, seeking inspiration and collaborating with other circus professionals.

Our Open Training members also receive our weekly newsletter that details any circus opportunities and the timetable of availability in our building. After graduating, students are eligible for one year free training at National Centre.

Is teaching circus a passion of yours? Assistant teacher and teacher roles are available here regularly and we encourage both students and graduates to apply.

WHERE WILL IT TAKE YOU?

Our graduates go on to various routes of employment such as performance, directing, teaching, postgraduate study and more. Many remain closely linked to the organisation as professional members, accessing training and networking opportunities. Some graduates take on teaching roles at the National Centre, particularly with our youth and recreational programmes. Those who perform around the world often return to train in the space whenever they are back in the UK.

HERE ARE SOME OF OUR GRADUATES' STORIES;

TARA TALLAND
BA, 2021

Tara and her graduating class presented their devised pieces as The National Centre's first live performance in two years following the COVID lockdowns. So, after a long dry spell of shuttered venues, it was especially sweet for Tara to tour with Troupe Vertigo's A Cirque Holiday in December 2021. Subsequently, she creates original works for aerial hoop and hair suspension for Bunga Bunga's acclaimed cabaret Bunga Va Pazza and the newly re-envisioned Wonderville.

Under the direction of Ockham's Razor's Alex Harvey & Charlotte Mooney, she reprised her devised piece for aerial hoop Ode to the Party Girl for the 2022 National Centre for Circus Arts Gala. Tara continues to seek inspiration from literature, planning a multi-aerialist piece broadly based on Jean Genet's The Maids, a nuanced psychological exploration of provisional freedom and unfulfilled potential.

LUKE HALLGARTON
BA 2015

Luke is a circus practitioner, a director, writer and producer. After graduating from the National Centre, Luke went on to study at Le Lido Centre des Arts du Cirque de Toulouse (France). Following graduation from Le Lido, Luke went on to tour as a performer with NoFit State Circus and Gandini Juggling, alongside developing and producing his own work.

Luke is the artistic director of The Revel Puck Circus, a London based circus company that focuses on producing and developing circus works for temporary structures and unconventional spaces. The company's current touring production, The Wing Scuffle Spectacular — a celebration of fear — was written and directed by Luke. Over the past two years the show has been seen by over 20,000 people, and sold out at the Edinburgh Fringe 2023. Alongside the Revel Pucks professional productions, the company has a strong passion and belief in supporting emerging artists and developing training opportunities as pathways into the creative industries. Through their tours the company offers training in event crewing, front of house staffing, producing and production management. The Local Pucks Series is a platforming and development opportunity for local artists and creatives.

WHERE WILL IT TAKE YOU?

LYDIA HARPER
BA, 2013

Lydia is currently working as an Artistic Director for Cirque du Soleil. She is responsible for the show OVO, with which she is touring Europe. After graduating Lydia was a founding member of Silver Lining, a contemporary circus company formed with other National Centre graduates as a performer and creative before embarking on the creation and 4-year tour of Cirque Du Soleil's TORUK. Lydia then moved into directing, setting up her own company LEAP and directing FATcrobat, Measure Up, To A Cummulus and Birdwatching.

Recently Lydia worked as Circus Director for Extraordinary Bodies and returned to the National Centre to direct the FD2's ensemble show Relativity.

TOFFY PAULWEBBER
BA 2021

Toffy is the Co-Founder of one of the newest UK circus companies: BrainFools. He and Finn set up the company in their last year of school and created their first show "Lucky Pigeons" which they toured in the Southwest and in London within a year of inception. He is now the producer of the show and brought it to the Edinburgh fringe in 2023. He is producing a new show called "Lift UP" and a family friendly Cabaret at Hoxton Hall & Jacksons Lane.

MEL PALMER
BA 2022

Mel graduated from NCCA in 2022 and went directly into a performing contract playing a chaotic white rabbit in Alice in Wonderland, completing over 70 performances. After completion, Mel continued to pursue other passions, becoming a PT and gym instructor in a local gym as well as continuing their circus practice as an open training member at the National Centre.

Six months into this, Mel has been offered an opportunity to be lead circus instructor on an educational programme in the Middle East.

"The National Centre has fuelled my development as a circus artist and made these opportunities a possibility for me to fulfil."

IMANI VITAL
BA 2019

Since graduating from the National Centre, Imani has worked with different companies around the UK such as Private Drama Events, Anorak Productions, Fool's Delight and UpSwing performing aerial straps. For the past 2 years Imani has been touring with the amazing Revel Puck Circus, *"It feels great to do what I love!"*

Alongside performing, Imani models for multiple brands, magazines & music videos (Adidas, Luncheon Magazine, WHN magazine).

“

The degree at the National Centre helped me to have confidence as a female straps artist. My teachers at the time, Sasha and Felipe, really pushed me physically to have the skill and understanding of my body that I have today. Thanks to them I started off with a good foundation that helped me flourish into the artist I am now.
